Appendix-3: SEIS Special Attention Plant Species (Survey and Manage) Likely to Occur in Wolf Creek Watershed

Common Name	Scientific Name
Fungi/Mycorrhizal Fungi:	
Boletes	*Gastroboletus turbinatus*
Boletes, low elevation	*Boletus piperatus* *Tylopilus pseudoscaber*
Rare boletes	*Boletus pulcherrimus*
Uncommon false truffle	*Macowanites chlorinosmus*
Rare false truffles	*Destuntzia rubra* *Leucogaster citrinus* *Leucogaster microsporus* *Macowanites mollis* *Octavianina macrospora* *Octavianina papyracea* *Rhizopogon brunneiniger* *Rhizopogon exiguus* *Rhizopogon inquinatus*
Undescribed taxa, rare truffles and false truffles	*Alpova* sp. nov. #Trappe 1966 *Arcangeliella* sp. nov. #Trappe 12359 *Chamonixia pacifica* sp. nov. #Trappe 12768 *Elaphomyces* sp. nov. #Trappe 1038
Rare Truffles	*Balsamia nigra* *Choiromyces venosus* * *Elaphomyces anthracinus*
Chanterelles	*Cantharellus cibarius* * *Cantharellus subalbidus* * *Cantharellus tubaeformis*
Chanterelles - *Gomphus*	*Gomphus bonarii* *Gomphus clavatus* *Gomphus floccosus* * *Gomphus kauffmanii*
Rare chanterelles	*Cantharellus formosus* *Polyozellus multiplex*

Common Name	Scientific Name
Uncommon coral fungi	*Ramaria abietina* *Ramaria araiospora* *Ramaria botryis* var. *aurantiiramosa* *Ramaria concolor* f. *tsugina* *Ramaria coulterae* *Ramaria fascicula* var. *sparsiramosa* *Ramaria gelatiniaurantia* *Ramaria largentii* *Ramaria rubella* var. *blanda* *Ramaria rubrievanescens* *Ramaria rubripermanens* *Ramaria suecica* *Ramaria thiersii*
Rare coral fungi	*Ramaria amyloidea* *Ramaria aurantiisiccescens* *Ramaria celerivirescens* *Ramaria claviramula* *Ramaria concolor* f. *marri* *Ramaria cyaneigranosa* *Ramaria hilaris* var. *olympiana* *Ramaria largiramnus* *Ramaria maculatipes* *Ramaria rainierensis* *Ramaria rubribrunnescens* *Ramaria stuntzii* *Ramaria verlotensis* *Ramaria gracilis* *Ramaria spinulosa*
Phaeocollybia	*Phaeocollybia attenuata* *Phaeocollybia californica* *Phaeocollybia carmanahensis* *Phaeocollybia dissilens* *Phaeocollybia fallax* *Phaeocollybia gregaria* *Phaeocollybia kauffmanii* *Phaeocollybia olivacea* *Phaeocollybia oregonensis* *Phaeocollybia piceae* *Phaeocollybia pseudofestiva* *Phaeocollybia scatesiae* *Phaeocollybia sipei* *Phaeocollybia spadicea*

Common Name	Scientific Name
Uncommon gilled mushrooms	*Catathelasma ventricosa* * *Cortinarius azureus* *Cortinarius boulderensis* *Cortinarius cyanites* *Cortinarius magnivelatus* *Cortinarius olympianus* *Cortinarius spilomius* *Cortinarius tabularis* *Cortinarius valgus* *Dermocybe humboldtensis* *Hebeloma olympiana* *Hygrophorus caeruleus* *Hygrophorus karstenii* *Hygrophorus vernalis* *Russula mustelina*
Rare gilled mushrooms	*Cortinarius canabarba* *Cortinarius rainierensis* *Cortinarius variipes*
Uncommon ecto-polypores	*Albatrellus ellisii* *Albatrellus flettii*
Rare ecto-polypores	*Albatrellus avellaneus* *Albatrellus caeruleoporus*
Tooth fungi	*Hydnum repandum* * *Hydnum umbilicatum* * *Phellodon atratum* *Sarcodon fuscoindicum* *Sarcodon imbricatus*
Rare zygomycetes	*Endogone arcogena* *Endogone oregonensis*

Common Name	Scientific Name
Saprobes (decomposers):	
Uncommon gilled mushrooms	*Baeospora myriadophylla* *Chrysomphalina grossula* *Collybia bakerensis* *Fayodia gracilipes* (syn. *F. rainierensis*) *Gymnopilus puntifolius* *Mycena hudsoniana* *Mycena lilacifolia* *Mycena marginella* *Mycena monticola* *Mycena overholtsii* *Mycena quinaultensis* *Mycena tenax* *Mythicomyces corneipes* *Pholiota abivelata* *Stagnicola perplexa*
Rare gilled mushrooms	*Clitocybe subditopoda* *Clitocybe senilis* *Neolentinus adherens* *Rhodocybe nitida* *Rhodocybe speciosa* *Tricholomopsis fulvescens*
Bondarzew's polypore	*Bondarzewia montana*
Rare resupinates and polypores	*Aleurodiscus farlowii* *Dichostereum granulosum* *Cudonia monticola* *Gyromitra californica* *Gyromitra esculenta* *Gyromitra infula* *Gyromitra melaleucoides* *Gyromitra montana* (syn. *G. gigas*) *Otidea leporina* *Otidea onotica* *Otidea smithii* *Plectania melastoma* *Podostroma alutaceum* *Sarcosoma mexicana* *Sarcosphaera eximia* *Spathularia flavida*

Common Name	Scientific Name
Rare cup fungi	*Aleuria rhenana* *Bryoglossum gracile* *Gelatinodiscus flavidus* *Helvella compressa* *Helvella crassituncata* *Helvella elastica* *Helvella maculata* *Neournula pouchetii* *Pithya vulgaris* *Plectania latahensis* *Plectania milleri* *Pseudaleuria quinaultiana*
Club coral fungi	*Clavariadelphus borealis* *Clavariadelphus lignula* *Clavariadelphus lovejoyae* *Clavariadelphus pistillaris* * *Clavariadelphus sachalinensis* *Clavariadelphus subfastigiatus* *Clavariadelphus truncatus* *
Jelly mushroom	*Phlogiotis helvelloides* *
Branched coral fungi	*Clavulina cinerea* *Clavulina cristata* *Clavulina ornatipes*
Mushroom lichen	*Phytoconis ericetorum*
Parasitic fungi	*Asterophora lycoperdoides* *Asterophora parasitica* *Collybia racemosa* *Cordyceps capitata* *Cordyceps ophioglossoides* *Hypomyces luteovirens*
Cauliflower mushroom	*Sparassis crispa* *
Moss-dwelling mushrooms	*Cyphellostereum laeve* *Galerina atkinsoniana* *Galerina cerina* *Galerina heterocystis* *Galerina sphagnicola* *Galerina vittaeformis* *Rickenella setipes*
Coral fungus	*Clavicorona avellanea*

Common Name	Scientific Name
Lichens:	
Rare forage lichen	*Bryoria tortuosa*
Rare leafy (arboreal) lichens	*Tholurna dissimilis* *Hypogymnia duplicata*
Rare nitrogen-fixing lichens	*Dendriscocaulon intricatulum* *Lobaria halli* *Lobaria linita* *Nephroma occultum* *Pannaria rubiginosa* *Pseudocyphellaria rainierensis*
Nitrogen-fixing lichens	*Lobaria oregana* * *Lobaria pulmonaria* * *Lobaria scrobiculata* *Nephroma bellum* * *Nephroma helveticum* * *Nephroma laevigatum* * *Nephroma parile* *Nephroma resupinatum* * *Pannaria leucostictoides* * *Pannaria mediterranea* *Pannaria saubinetii* *Peltigera collina* *Peltigera neckeri* *Peltigera pacifica* *Pseudocyphellaria anomala* * *Pseudocyphellaria anthraspis* * *Pseudocyphellaria crocata* * *Sticta beauvoisii* *Sticta fuliginosa* *Sticta limbata*

Common Name	Scientific Name
Pin lichens	*Calicium abietinum* *Calicium adaequatum* *Calicium adspersum* *Calicium glaucellum* *Calicium viride* *Chaenotheca brunneola* *Chaenotheca chrysocephala* *Chaenotheca ferruginea* *Chaenotheca furfuracea* *Chaenotheca subroscida* *Chaenotheca pusilla* *Cyphelium inquinans* *Microcalicium arenarium* *Mycocalicium subtile* *Stenocybe clavata* *Stenocybe major*
Rare rock lichens	*Pilophorus nigricaulis* *Strcta arctica*
Riparian lichens	*Cetrelia cetrarioides* *Collema nigrescens* *Leptogium burnetiae* var. *hirsutum* *Leptogium cyanescens* *Leptogium saturninum* *Leptogium teretiusculum* *Platismatia lacunosa* *Ramalina thrausta* *Usnea longissima* *
Aquatic lichens	*Dermatocarpon luridum* *Hydrothyria venosa* *Leptogium rivale*

Common Name	Scientific Name
Rare oceanic-influenced lichens	*Bryoria pseudocapillaris* *Bryoria spiralifera* *Bryoria subcana* *Buellia oidalea* *Eriodermia sorediatum* *Hypogymnia oceanica* *Leiodermia sorediatum* *Leptogium brebissonii* *Niebla cephalota* *Pseudocyphellaria mougeotiana* *Tebschistes flavicans* *Usnea hesperina*
Oceanic-influenced lichens	*Cetraria californica* *Heterodermia leucomelos* *Loxospora* sp. nov. "coralifera" (Brodo in edit) *Pyrrhospora quernea*
Additional lichen species	*Cladonia norvegica* *Heterodermia sitchensis* *Hypogymnia vittiata* *Hypotrachyna revoluta* *Ramalina pollinaria* *Nephroma isidiosum*

Common Name	Scientific Name
Bryophytes:	
	Antitrichia curtipendula
	Bartramiopsis lescurii
	Brotherella roellii
	Buxbaumia piperi
	Buxbaumia viridis
	Diplophyllum albicans
	Diplophyllum plicatum
	Douinia ovata
	Encalypta brevicolla var. *crumiana*
	Herbertus aduncus
	Herbertus sakurai
	Iwatsukiella leucotricha
	Kurzia makinoana
	Marsupella emarginata var. *aquatica*
	Orthodontium gracile
	Plagiochila satoi
	Plagiochila semidecurrens
	Pleuroziopsis ruthenica
	Racomitrium aquaticum
	Radula brunnea
	Rhizomnium nudum
	Schistostega pennata
	Scouleria marginata
	Tetraphis geniculata
	Tritomaria exsectiformis
	Tritomaria quinquedentata
	Ulota megalospora
Vascular Plants	
candystick	*Allotropa virgata* *
hemlock dwarf mistletoe	*Arceuthobium tsugense*
	Asterovialis *
	Botrychium minganense
	Botrychium montanum
	Coptis asplenifolia
	Coptis trifolia
	Corydalis aquae-gelidae
	Cypripedium montanum *

* Species known to occur in the Eugene District as of October 25, 1994

Appendix-3: SEIS Survey and Manage Plant Species
