

ROAD CLOSURES IN SHOTGUN CREEK AREA

The Bureau of Land Management (BLM) will be closing the upper portion of the Dollar Road (15-1-31), and sections of Road (15-1-32) and Road (15-2-25.1) beginning on June 30, 2003. The closed portion of these roads is located approximately four miles north of Marcola, near the Shotgun Recreation Site. The closure will be in effect until mid-October.

This road closure will allow contractors working for BLM's Eugene District, to install three new culverts which are designed to provide improved native fish habitat along Cash Check in the Mohawk Watershed.

The public will continue to have access to the area, but will need to take alternate routes. Maps and signs will be posted in the area and for additional information on the project, contact the BLM office at 541-683-6600.
